

January 13, 1976

of the church organizations were present at the hearing. It was just the Red Cross and the people like that that form nonprofit organizations to collect donations, and I believe if the churches were affected, we would have heard from them. I don't believe this affects the churches.

SENATOR KEYES: Are they required now, then? A nonprofit organization, a hospital, is it required? I think it is required to pay into it, isn't it, to the unemployment compensation fund. Is that what we are talking about?

SENATOR MARESH: It just states nonprofit organizations.

SENATOR KEYES: The Legion Club.

SENATOR MARESH: I suppose if they come under this class they would. You see, they are given the opportunity to either make contributions or payments, and when these organizations do make payments, then, in other words, they cause problems for the Labor Department that there are not funds available for payments when the organization goes out of existence and I don't think this would cause any problems. They just would have to go to the contribution method instead of the payment method which they have the opportunity to do today. It changes the system of providing the fund.

SENATOR KEYES: Who asked for the bill, do you know?

SENATOR MARESH: The Labor Department did.

SENATOR KEYES: The Labor, employment people did?

SENATOR MARESH: Yes.

SENATOR KEYES: Maybe, Senator Frank Lewis is on the Labor Committee. Maybe he can explain what it does.

SENATOR MARESH: I was not present at the hearing. I don't know if this was discussed about how this affects churches and Legion Clubs and other organizations. Do you remember the hearing, Senator Lewis. Okay, LB 499.

PRESIDENT: There are some other Senators who ask recognition. You go ahead and do your research, Senator Lewis. Senator Luedtke.

SENATOR LUEDTKE: Would Senator Maresh yield to a question?

SENATOR MARESH: Yes, sir.

SENATOR LUEDTKE: Senator Maresh, I notice in your Committee statement you say the record of the more prestigious public service organizations is quite good in this area. To which organizations do you refer? Which organizations do you consider to be the prestigious ones?

SENATOR MARESH: The researcher wrote that report, Senator Luedtke.
